

Strikes in the pharmacy

Important message

Pharmacy employees strike in the pharmacy

Pharmacy assistants and pharmacy employees are striking for a better national collective labor agreement and fairer wages. This is an action by the labor unions FNV and CNV.

What does this involve?

Pharmacy employees can interrupt their work for a shorter or longer period. During other actions, pharmacy employees work strictly according to the collective labor agreement rules, with strict working hours and breaks.

What does this mean to you?

Pharmacy care will continue, but will be organized differently than you are used to. The safe use of your medication remains our top priority. You may be temporarily referred to another pharmacy. We ask for your understanding.

You can then visit:

This pharmacy is open from Monday to Friday

from to PM
